SAFEboundaries

Safe Boundaries is an educational program designed to teach people with disabilities social and sexuality skills.

Safe Boundaries for the Workplace

All people in and out of the work environment need information and skills to keep themselves safe. Safe Boundaries for the Workplace is an educational program designed to teach people with disabilities appropriate personal and work skills.

Education in healthy self-concept, emotions, privacy, relationships, awareness, and assertiveness is information to help deter physical, emotional, and social harm.

Safe Boundaries encourages individuals to make sound decisions while developing positive attitudes and respect towards themselves and others.

Safe Boundaries Provides:

- A co-educational learning environment
- Trained facilitators
- Reinforcement of class concepts through activities and projects
- Modifications for individual learning
- Respectful social interaction
- Sensitive, meaningful curriculum
- Honest answers to honest questions
- Safe learning environment
- Activities/Games encouraging practice and review

Each class continues to focus on self-esteem, personal rights, rights of others, respect for self and others, and safety.

SCOPE & SEQUENCE

Lessons taken in sequence is most beneficial.
